She knows all about their marriage, their history, even private conversations the two of them had. There’s just one problem: Raker’s wife has been dead for eight years. The woman tells the police that Raker had a breakdown. A respected doctor backs up her account. Items are missing that prove Raker’s side of the story - and, worst of all, he soon becomes the prime suspect in her disappearance. Could Raker have imagined their whole marriage?
