NEW YORK TIMES BESTSELLER • A witty and emotionally charged novel that delves into the heart of a marriage, and how those we love and think we know best can sometimes surprise us the most “A delightful take on the mixed blessings of marital longevity.”—People After ten years together, Sylvie and Dan have a comfortable home, fulfilling jobs, and beautiful twin girls, and they communicate so seamlessly they finish each other’s sentences. They have a happy marriage and believe they know everything there is to know about each other. Until it’s casually mentioned to them that they could be together for another sixty-eight years . . . and panic sets in. They decide to bring surprises into their marriage to keep it fresh and fun. But in their pursuit of Project Surprise Me—from unexpected gifts to restaurant dates to sexy photo shoots—mishaps arise, with disastrous and comical results. Gradually, surprises turn to shocking truths. And when a scandal from the past is uncovered, they begin to wonder if they ever really knew each other at all. With a colorful cast of eccentric characters, razor-sharp observations, and her signature wit and charm, Sophie Kinsella presents a humorous yet moving portrait of a marriage—its intricacies, comforts, and complications. Surprise Me reveals that hidden layers in a close relationship are often yet to

be discovered. Praise for Surprise Me “Genuinely funny.”—The New York Times Book Review “Unexpected and wholly satisfying.”—USA Today “In her signature fashion, Sophie Kinsella brings a cast of quirky, funny characters to this new work. [She] keeps the laughs coming. . . . Readers will follow the story with bated breath as the couple struggle to make their marriage right after everything they thought they knew about each other proves wrong.”—Library Journal “Heartfelt . . . What at first seems like a light novel about familiar woes turns into a deeper story about trust, family, and perception.”—Publishers Weekly “Winsome and zesty, Kinsella’s latest delivers all the hallmarks her many fans have come to expect.”—Booklist “Pure fun . . . a hilariously moving look at marriage and the power of mixing things up.”—Kirkus Reviews

"There are not many books on ethics that are currently available, especially in Indonesia. This book comes to fill that gap. A commendable book that researchers should read, especially when there is more and more research on human behavior. It is a stupendous work." □ M. Chatib Basri, Executive Director, IBER Minister of Finance of the Republic of Indonesia 2013-2014 “This book addresses an important set of issues in the context of Indonesia, a large developing country in Southeast Asia. Most work on research ethics

has originated in the developed world; the strength of this book is that it relates the large international literature to the specific problems which Indonesian researchers are likely to face, especially in the social sciences. It deserves a wide readership both in Indonesia and in other parts of the world.” □ Anne Booth, Professor Emeritus, SOAS, University of London “In a world full of fake news, corrupt bureaucracies, and inequitable judgements it is vital that the training of rising generations of social scientists contains thorough grounding in ethics. This volume should be required reading in all teaching programs, and a valuable addition on the desk of all graduates wishing to pursue a career in the social research professions.” □ Terence H. Hull, Emeritus Professor of Demography, The Australian National University “Reading this book is an eye-opening experience. Mayling Oey Gardiner presents novelty by discussing ethics in social science research on current issues such as big data, internet-based research, and environmental research. This book can guide academics and decision-makers to define boundaries and consider the impact of social research.” □ Rhenald Kasali Ph.D, Founder Rumah Perubahan Professor of Management, University of Indonesia

In 1965-66, army-organized massacres claimed the lives of hundreds of thousands of supporters of the Communist Party of Indonesia. Very few of these atrocities have been studied in any detail, and answers to basic questions remain unclear. What was the relationship between the army and civilian militias? How could the perpetrators come to view unarmed individuals as dangerous enemies of the nation? Why did Communist Party supporters, who numbered in the millions, not resist? Drawing upon years of research and interviews with survivors, *Buried Histories* is an impressive contribution to the literature on genocide and mass atrocity, crucially addressing the topics of media, military organization, economic interests, and resistance.

For fans of *Small Spaces*, *Coraline*, *A Series of Unfortunate Events*, and James Howe's *Bunnicula* classics comes the first book in the award-winning, *New York Times* bestselling *Books of Elsewhere* series. This house is keeping secrets . . . When eleven-year-old Olive and her parents move into the crumbling mansion on Linden Street and find it filled with mysterious paintings, Olive knows the place is creepy—but it isn't until she encounters its three talking cats that she realizes there's something darkly magical afoot. Then Olive finds a pair of antique spectacles in a dusty drawer and discovers the most

peculiar thing yet: She can travel inside the house's spooky paintings to a world that's strangely quiet . . . and eerily sinister. But in entering Elsewhere, Olive has been ensnared in a mystery darker and more dangerous than she could have imagined, confronting a power that wants to be rid of her by any means necessary. With only the cats and an unusual boy she meets in Elsewhere on her side, it's up to Olive to save the house from the shadows, before the lights go out for good.

Ophelia, a timid eleven-year-old girl grieving her mother, suspends her disbelief in things non-scientific when a boy locked in the museum where her father is working asks her to help him complete an age-old mission.

in the shadows, encounters with deities, a man who switches bodies with a cat—be sure to keep the light on whilst reading these tales. 1 Anunnaki is the actual shooting screenplay for the long awaited sci-fi legend created by write/producer/director/VFX producer Jon Gress and precedes the release of the highly anticipated and controversial series Secrets Of The Anunnaki which reveals the connections between the Anunnaki, UFO's, Crop Circles, Vampires and what Gress has coined "The True Dark Matrix".

In October 1999, Abdurrahman Wahid, almost blind and recovering from a nearfatal stroke, was elected as Indonesia's fourth president. Referred to as 'Indonesia's surprising new president' by the Economist, the man who had commanded the highest respect of his fellow countrymen for his lifetime devotion to public service, liberal democracy and tolerant Islam, was impeached in humiliating and controversial circumstances less than two years later. Wise to some, insolent to others, Abdurrahman's mercurial style of leadership

constantly confounded critics and ultimately caused him to be widely misunderstood by both domestic and international observers. For the first time, biographer Greg Barton delves beneath the surface and gives us a unique insight into the man and his world drawn from his long relationship with Gus Dur - including being at his side during the final extraordinary months of the presidency. Those interested in the drama of modern Indonesian politics will find this book provides a fascinating and invaluable account of the enigmatic Gus Dur.
