Contacting Your Spirit Guide is divided into two parts. In the first section, Sylvia Browne helps you find your spirit guides — the entities who are designated by you and God to assist you with life and give you guidance. You will not only learn how to tune in to this guide or guides, but you ’ ll also see how you can recognize who they are, the messages they can give you, and even discern what their names are so you ’ ll know how to refer to them. In the second part of the book ("A Day in the Life of a Spirit Guide"), Sylvia writes intimately about her spirit guides, Francine and Raheim. For example, she explains how Francine first contacted her, how she (Sylvia) first went into trance mediumship, and reveals personal tidbits about her relationship with this guide. Sylvia ’ s love and respect for Francine and Raheim is evident throughout the stories that are presented. It becomes clear that through good times and bad, spir-it guides look out for those under their care. Sylvia offers great insight into the workings of spirit guides, and in so doing, gives you the tools to understand your " unseen companions along the way. "

Spinal Injuries and Conditions in Young Athletes provides a comprehensive, in-depth review of the mechanisms and management of back injuries and problems occurring in this ever-growing and active population. Led by Dr. Lyle Micheli and his co-editors, an award-winning group of orthopedists discusses and explores common adolescent spine injuries and procedures, in addition to breakthroughs in gene therapy, tissue engineering, and complex operations. As spine surgery is among the most complex and challenging procedures performed in orthopedics, special considerations and procedures are required in pediatric populations. Since many corrective surgeries run the risk of arthritis later in life, particular efforts must be made in young populations to prevent future injury in a child’s adolescence and young adulthood while maximizing return-to-play potential. Chapters cover acute spinal injuries, concussions, overuse injuries, spinal malformations, tumors, infections and inflammatory diseases across the range of athletics, including swimming and combat sports. Spinal Injuries and Conditions in Young Athletes provides an immeasurable guide for back surgery in pediatric populations and will be a go-to resource for practitioners and residents in pediatric orthopedics and sports medicine.

The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world ’ s most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form ’ s most coveted asset. Culo by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty.

The QRI-5 has long led the field in offering students and teachers alike a reliable and easy-to-use informal assessment instrument. This Fifth Edition continues to emphasize authentic assessment of children’s reading abilities, from the most emergent readers to advanced readers. One of the keys to the success of the QRI-5 is that it contains narrative and expository passages at each pre-primer through high school level. All are self-contained selections highly representative of the structure and topic of materials found in basal readers and content-area textbooks. This new edition includes new narrative texts that are even easier than the pre-primer passages previously included. At the same time, it provides graded word lists and numerous passages designed to assess the oral reading, silent reading, or listening comprehension of a student as well as questions to assess prior knowledge. Instructors can measure comprehension by retelling passages, using implicit and explicit questions, and using other devices. What’s New in the QRI-5? # Narrative texts even easier than the pre-primer passages previously included, as well as another narrative to all primary grade levels. # Passages at pre-primer through second grade levels that are presented with and without pictures. # Map and illustrations as part of expository selections at fourth through high school levels. # Accompanying DVD content has been expanded to include * Examples of students reading orally * Scored protocols to accompany readings * Directions for administering each segment of the QRI * Tables/Charts that increase consistency of administration, scoring, and interpretation * All student and examiner copies

Japan’s greatest seer, the blind prophet Hinoto, has foretold the end of the world. At the center of her prophecy is a young man named Kamui Shiro, who possesses startling psychic powers. Although Kamui’s future seems to have been predetermined from his birth, he has a choice--save the earth, or destroy it.

Using a simple approach to help kids master the basics of the Spanish language, this workbook concentrates on sentence structure, vocabulary, pronunciation, and verbs. Packed with activities that teach sight-reading and translation skills. Reproducible. Consumable.

The perfect match of content and format: Craft supplies, a full-color how-to book and nobody-else-but-Klutz creativity, all packed in a sturdy, re-usable plastic jar with a screw-top lid and a rope handle. The whole package is incredibly bright, cheerful, easy to stack and display, and completely shopwear-proof.Start with an empty Klutz Bucket. Fill with wooden animal shapes. Add eight acrylic craft paints, one brush, a fine point black marker and a 40-page Klutz book of full-color, paint-this-critter inspiration. And then, right at the end, toss in a good supply of wiggle eyes. End result? A zoo in a bucket. With it you can paint 24 wooden die-cut blanks into things liike Technicolor tigers or polka-dotted pandas, paying absolutely no attention whatsoever to the way they re actually supposed to look.

Ask Dr. Mueller captures the glamour and grittiness of Cookie Mueller’s life and times. Here are previously unpublished stories - wacky as they are enlightening - along with favorites from Walking Through Clear Water in a Pool Painted Black and other publications. Also the best of Cookie’s art columns from Details magazine, and the funniest of her advice columns from the East Village Eye, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early 780s - that moment before Bright Lights, Big City, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.
