In his book *The Distracted Mind: Ancient Brains in a High-Tech World*, published in September, Gazzaley explains why our devices might be hurting our concentration at work. "The story for me is...

Distracted minds: 3 tips to disconnect from tech and ...

The Distracted Mind by Adam Gazzaley and Larry D. Rosen is a highly engaging read of how we cognitively pursue our goals and how our brains have to frequently overcome internal and external interference, including that from modern technologies, to do this successfully. The book includes excellent, clear examples of what these problems of goal interference are and how they might affect us in our daily lives.
