Far From the Tree: Parents, Children and the Search for ...

Far from the Tree: Parents, Children, and the Search for Identity by Andrew Solomon (author of the also excellent work, The Noonday Demon: An Atlas of Depression) is a lengthy (yet precise) examination of what Solomon calls "horizontal" identity: the identity that a child has that is markedly different from that of his or her parents (which Solomon calls vertical identity). There are many ways in which this happens.

The results unequivocally demonstrate that parent-child attitudes are related throughout childhood and adolescence. We discuss in detail whether and to what extent this interrelation can be interpreted as an indicator of parent-child socialization to allow a critical evaluation of the available contradicting theories.

**\*\*WINNER OF THE WELLCOME BOOK PRIZE 2014\*\* A NEW YORK TIMES BESTSELLER** Sometimes your child - the most familiar person of all - is radically different from you. The saying goes that the apple doesn't fall far from the tree. But what happens when it does? Drawing on interviews with over three hundred families, covering subjects including deafness, dwarfs, Down's Syndrome, Autism, Schizophrenia, disability, prodigies, children born of rape, children convicted of crime and transgender people, Andrew Solomon documents ordinary people making courageous choices. Difference is potentially isolating, but Far from the Tree celebrates repeated triumphs of human love and compassion to show that the shared experience of difference is what unites us. Winner of the National Book Critics Circle Award for General Non-fiction and eleven other national awards. Winner of the Green Carnation Prize.

The National Book Award-winning author of *The Noonday Demon* explores the consequences of extreme personal differences between parents and children, describing his own experiences as a gay child of straight parents while evaluating the circumstances of people affected by physical, developmental or cultural factors that divide families. 150,000 first printing.

National Book Award Winner, PEN America Award Winner, and New York Times Bestseller! Perfect for fans of *This Is Us*, Robin Benway's beautiful interweaving story of three very different teenagers connected by blood explores the meaning of family in all its forms—how to find it, how to keep it, and how to love it. Being the middle child has its ups and downs. But for Grace, an only child who was adopted at birth, discovering that she is a middle child is a different ride altogether. After putting her own baby up for adoption, she goes looking for her biological family, including— Maya, her loudmouthed younger bio sister, who has a lot to say about their newfound family ties. Having grown up the snarky brunette in a house full of chipper redheads, she's quick to search for traces of herself among these not-quite-strangers. And when her adopted family's long-buried problems begin to explode to the surface, Maya can't help but wonder where exactly it is that she belongs. And Joaquin, their stoic older bio brother, who has no interest in bonding over their shared biological mother. After seventeen years in the foster care system, he's learned that there are no heroes, and secrets and fears are best kept close to the vest, where they can't hurt anyone but him. Don't miss this moving novel that addresses such important topics as adoption, teen pregnancy, and foster care.

Offers adaptation of the best-selling exploration of the impact of extreme differences between parents and children.

From the winner of the National Book Award and the National Books Critics' Circle Award—and one of the most original thinkers of our time— "Andrew Solomon's magisterial *Far and Away* collects a quarter-century of soul-shaking essays" (*Vanity Fair*). *Far and Away* chronicles Andrew Solomon's writings about places undergoing seismic shifts—political, cultural, and spiritual. From his stint on the barricades in Moscow in 1991, when he joined artists in resisting the coup whose failure ended the Soviet Union, his 2002 account of the rebirth of culture in Afghanistan following the fall of the Taliban, his insightful appraisal of a Myanmar seeped in contradictions as it slowly, fitfully pushes toward freedom, and many other stories of profound upheaval, this book provides a unique window onto the very idea of social change. With his signature brilliance and compassion, Solomon demonstrates both how history is altered by individuals, and how personal identities are altered when governments alter. A journalist and essayist of remarkable perception and prescience, Solomon captures the essence of these cultures. Ranging across seven continents and twenty-five years, these "meaty dispatches...are brilliant geopolitical travelogues that also comprise a very personal and reflective resume of the National Book Award winner's globe-trotting adventures" (*Elle*). *Far and Away* takes a magnificent journey into the heart of extraordinarily diverse experiences: "You will not only know the world better after having seen it through Solomon's eyes, you will also care about it more" (*Elizabeth Gilbert*).

It happens to us all: we think we've settled into an identity, a self, and then out of nowhere and with great force, the traces of our parents appear to us, in us--in mirrors, in gestures, in reaction and reactivity, at weddings and funerals, and in troubled thoughts that crouch in dark corners of our minds. In this masterful collection of new essays, the apple looks at the tree. Twenty-five writers deftly explore a trait they've inherited from a parent, reflecting on how it affects the lives they lead today--how it shifts their relationship to that parent (sometimes posthumously) and to their sense of self. Apple, Tree's all-star lineup of writers brings eloquence, integrity, and humor to topics such as arrogance, obsession, psychics, grudges, table manners, luck, and laundry. Contributors include Laura van den Berg, S. Bear Bergman, John Freeman, Jane Hamilton, Mat Johnson, Daniel Mendelsohn, Kyoko Mori, Ann Patchett,

and Sallie Tisdale, among others. Together, their pieces form a prismatic meditation on how we make fresh sense of ourselves and our parents when we see the pieces of them that live on in us.

The author offers a look at depression, drawing on his own battle with the illness and interviews with fellow sufferers, researchers, and doctors to assess the disease's complexities, causes, symptoms, and available therapies.

From New York Times bestselling author Andrew Solomon comes a stunning, poignant, and affecting young adult edition of his award-winning masterpiece, *Far From the Tree*, which explores the impact of extreme differences between parents and children. The old adage says that the apple doesn't fall far from the tree, meaning that children usually resemble their parents. But what happens when the apples fall somewhere else—sometimes a couple of orchards away, sometimes on the other side of the world? In this young adult edition, Andrew Solomon profiles how families accommodate children who have a variety of differences: families of people who are deaf, who are dwarfs, who have Down syndrome, who have autism, who have schizophrenia, who have multiple severe disabilities, who are prodigies, who commit crimes, and more. Elegantly reported by a spectacularly original and compassionate thinker, *Far From the Tree* explores how people who love each other must struggle to accept each other—a theme in every family's life. The New York Times calls the adult edition a “wise and beautiful” volume that “will shake up your preconceptions and leave you in a better place.”

Celeste English and Ronnie Frazier are sisters, but they couldn't be more different. Celeste is a doctor's wife, living a perfect and elegant life. But secretly, she is terrified: her marriage is falling apart and her need to control the people around her threatens to alienate her entire family. And Celeste allows no one to see how vulnerable she really is. Ronnie is an actress, living in New York. Her life, however, is a lie: she has no money, has no home, and her life is held together by "chewing gum, paper clips, and spit," though she wants everyone to think that her life is one of high glamour and budding fame. When their father dies, the sisters inherit a house in Prosper, North Carolina. Their mother, Della, is adamant that they forget about going there and dredging up the past. Because Della has secrets she'd rather not see come to light—secrets and heartbreak she's kept from everyone for years. Neither Ronnie, Celeste, nor Della realize just what their trip to Prosper will uncover and they must discover for themselves who they really are, who they really love, and what the future holds for them. *Far From The Tree* is a novel that asks the questions: can the past ever truly remain hidden? Can mothers and daughters put aside their usual roles long enough to get to really know each other? Long enough to see they each have felt the love, loss, heartache and joy that they share as women. And can two strangers realize that they are, and always will be, sisters?
