Lucas ignores the rules, stands up to the snobs, and warns Bianca to be careful—even when it comes to caring about him. "I couldn't stand it if they took it out on you," he tells Bianca, "and eventually they would." But the connection between Bianca and Lucas can't be denied. The stunning finale to the Defy the Stars trilogy from the New York Times bestselling author of *Star Wars: Lost Stars* and *Bloodline*. Hunted and desperate, Abel only has one mission left that matters: save the life of Noemi Vidal. To do that, he not only has to escape the Genesis authorities, he also must face the one person in the galaxy who still has the means to destroy him. Burton Mansfield's consciousness lives on, desperate for a home, and Abel's own body is his last bargaining chip. Alone in the universe. Brought back from the brink of death, Noemi Vidal finds Abel has not only saved her life, but he's made her into something else, something more. Not quite mech, yet not quite human any longer, Noemi must find her place in a universe where she is utterly unique, all while trying to create a world where anyone—even a mech—can be free. The final battle between Earth and the colony planets is here, and there's no lengths to which Earth won't go to preserve its domination over all humanity. But together, the universe's most advanced mech and its first human-mech hybrid might have the power to change the galaxy for good.

When Balthazar agrees to help Skye Tierney, a human girl who once attended Evernight Academy, he has no idea how dangerous it will be. Skye's newfound psychic powers have caught the attention of Redgrave, the cruel, seductive master vampire responsible for murdering Balthazar and his family four centuries ago. Now Redgrave plans to use Skye's powers for his own evil purposes. Balthazar will do whatever it takes to stop Redgrave and exact his long-awaited revenge against his killer. As Skye and Balthazar stand together to fight him, they grow closer—first unwillingly, then undeniably. Balthazar realizes his lonely world could finally be changed by her. . . . In a story filled with forbidden love and dark suspense, one of the most beloved characters in Claudia Gray's New York Times bestselling Evernight series will captivate readers with his battle to overcome his past and follow his heart.

From the New York Times bestselling author of *Star Wars: Lost Stars* and *Bloodline* comes a thrilling sci-fi adventure that Kass Morgan, bestselling author of *The 100* series, calls "startlingly original and achingly romantic...nothing short of masterful." She's a soldier--Noemi Vidal is willing to risk anything to protect her planet, Genesis, including her own life. To their enemies on Earth, she's a rebel. He's a machine--Abandoned in space for years, utterly alone, Abel's advanced programming has begun to evolve. He wants only to protect his creator, and to be free. To the people of Genesis, he's an abomination. Noemi and Abel are enemies in an interstellar war, forced by chance to work together as they embark on a daring journey through the stars. Their efforts would end the fighting for good, but they're not without sacrifice. The stakes are even higher than either of them first realized, and the more time they spend together, the more they're forced to question everything they'd been taught was true. An epic and romantic adventure, perfect for fans of *The Lunar Chronicles* and *Illuminae*.
