The flawed assumptions we made at the end of the Cold War stemmed from strategic narcissism: the tendency to define problems as we would like them to be rather than as they actually are. In its extreme form, strategic narcissism can lead to the pipe dream of easy war (as in Iraq in 2003) or the delusion that wars end when one side decides to leave (as in Afghanistan today).

History of United States foreign policy - Wikipedia

The end of the Cold War provides challenges and opportunities for American foreign policy leadership that arguably have been equalled in modern times only by the period in which the Cold War began. With the collapse of the Soviet Union and communist regimes in Eastern Europe, the partners of the Atlantic alliance have achieved a profound diplomatic and political victory of historic importance.
