on a special case. A daring bank robbery has taken place at Hayek Associates—a dot-com start-up company that 's just floated onto the London stock exchange. But this crime may be a bit beyond Smith 's expertise. The prime suspects are a band of marauding orcs with a dragon in tow for fire support. The bank is

Associates, an online game company. So you can imagine Sergeant Sue Smith's mood as she watches the video footage of the heist being carried out by a band of orcs and a dragon, and realises that the robbery from an online game company is actually a robbery from an online game. Just wonderful. Like she has nothing better to do. But

online entertainment is big business, and when the bodies of real people start to show up, it's clear that this is anything but a game. For Sue, computer coding expert Jack Reed, and forensic accountant Elaine Barnaby, the walls between the actual and the virtual are about to come crashing down. There is something very dangerous and very real
