Imam Muslim biography | Hadith collection PDF Book - Learn ...

Although Imam al-Bukhari authored several works on the science of hadith, his most lasting contribution to Islamic sciences was his compilation of over 7000 hadiths, which he called al-Jaami' al-Sahih al-Musnad al-Mukhtasar min Umur Rasool Allah wa sunanihi wa Ayyamihi, meaning "The Abridged Collection of Authentic Hadith with Connected Chains regarding Matters Pertaining to the Prophet, His practices and His Times".

The Sahih Bukhari collection of Hadiths is considered to be the most authentic collection of the teachings and sayings of the Prophet (ﷺ). These Prophetic traditions, or hadith, were collected by the Uzbek Muslim scholar Muhammad al-Bukhari, after being transmitted orally for generations.

The narrative in your hands is about a remarkable Muslim scholar of Hadith from the world of learning – Imam Muhammad ibn Isma'eel al-Bukhari – who was undoubtedly the most eminent scholar of Ahadith that the world has seen. It was said of him that when he glanced through a book, he would remember it by heart. He had not only memorized thousands of Ahadith by heart, but he was also an expert in the Science of Ahadith. His book, which is commonly known as Sahih al-Bukhari, is highly regarded among Muslims, and considered the most authentic collection of Ahadith, even ahead of the Muwatta' of Imam Malik and Sahih Muslim by Muslim ibn al-Hajjaj, who also happened to be one of his students. Most scholars throughout history consider it to be second only to the Qur'an in terms of authenticity. Contents of the Book: His Birth and Early Years His Teachers His Scholarship Statements of Scholars Concerning Him His Character and Personality His Knowledge of Fiqh Some of His Fiqhi Opinions Was He a Mujtahid? This work comprises the historical chapters of the most important compilations of Traditions, Kitāb al-Jāmi' aṣ-Ṣaḥīḥ by Imām Muḥammad ibn Ismā'īl al-Bukhārī and depicts the beginning of the Prophet's revelation, the merits of the Prophet's Companions and the early years of Islam up to and including the decisive turning point of Islamic history, the Battle of Badr. Although the author set out to translate the whole of the Ṣaḥīḥ al-Bukhārī, he could not accomplish the task for much of his manuscripts were destroyed in the chaos and the inter-religious holocaust that followed upon the outbreak of the Second World War and the partition of the Indian subcontinent. However this led to his realisation, in his own words, "ten years spent on analysing, translating and clarifying the Ṣaḥīḥ were a God-willed preparation for a work which for a very long time had represented an enticing dream to me: a new rendering into English of the Message of the Qur'ān and Commentary based on the principle that the doors of ijtihād have never been and never could be closed to man's searching intellect." The result was the author's Qur'ānic commentary under the title The Message of the Qur'ān, published in 1980. Any scholarly reader of that work will easily recognise how much of the spirit of ḥadīth-

and, hence, of the immortal labour of Imām Bukhārī-has gone into his interpretation of the word of God.

Sahih Bukhari is a collection of sayings and deeds of Prophet Muhammad (pbuh), also known as the Sunnah. The reports of the Prophet's (saw) sayings and deeds are called ahadeeth. Imam Bukhari lived a couple of centuries after the Prophet's (saw) death and worked extremely hard to collect his ahadeeth. Each report in his collection was checked for compatibility with the Qur'an, and the veracity of the chain of reporters had to be painstakingly established. Bukhari's collection is recognized by the overwhelming majority of the Muslim world to be one of the most authentic collections of the Sunnah of the Prophet(pbuh).

A near-death experience (NDE) is a profound personal experience associated with death or impending death.

All Praises belong to Allah Lord of The Worlds. We Ask Allah for His Mercy and Forgiveness and We ask Him to send His Peace and Blessings on the final last Messenger. Imam Al-Bukhari began his collection of Sahih Hadith with the chapter of Revelation since this is where Islam began. Allah sent Muhammad as the seal of the Messengers and gave him legislation. It's through Revelation that Allah guides people from darkness to light. Following this Imam Al-Bukhari mentioned the book of Iman(faith); as it is the foundation and the principle that actions are built on. There's no action without intention and no actions without faith. The greatest part of Revelation is belief in Allah and His Messenger. The origin of Iman is affirmation in the heart. This is connected with actions in Heart and on the body. For that reason Imam Al-Bukhari said: "Faith is speech and actions." This is the correct view as proven from the various texts he mentioned in this chapter. Imam Al-Bukhari mentioned numerous chapters in this book that prove faith must be accompanied with speech and actions. This is the belief of Ahlus Sunnah. Unlike the Murji'a who believe that actions aren't included in Iman and this is incorrect. There are about 39 chapters in this book that mention Allah made actions a part of Iman. Imam Al-Bukhari in Kitabul Iman detailed and defined the four schools of thought about Iman; 1-Al-Khawarij and the Mu'tazilah who believe actions are a part of faith, and the Khawariji believe the major sinners are in Hell. 2-The Mu'tazilah don't consider the major sinners to have gone apostate. 3-The Murji'a believe that as long as person acknowledges and believes in Allah then there's no need for actions. 4-Ahlus Sunnah believe actions are necessary for faith and are a part of it. Imam Al-Bukhari's collection is considered the most authentic book of Hadith, so reading the various books from it serve as an educational reference for any Muslim. The explanations for these narrations are referenced with numbers for each point. I have taken Ash-Shaykh Abdul Aziz's Ar-Rajhi's explanation for each hadith and idea and numbered it from 1- 139 making easy for the reader to follow and refer back to anytime they want or need to. I pray and ask Allah to accept this small service to the Ummah and to forgive me for my sins. Abu Aaliyah Abdullah ibn Dwight Battle Doha, Qatar 1437(c) Ash-Shariah Publications / [www.abuaaliyah.com](http://www.abuaaliyah.com)

In Islamic life and tradition, Hadith sayings enshrine the most important teachings after the Qur'an itself. Derived from the Sunnah or teachings of the Prophet and his Companions and their followers, these precepts were collected under the title Al-Adab al-mufrad-meaning 'Good behaviour singled out'-by Imam al-Bukhari in the ninth century CE. The Hadith sayings in al-Bukhari's writings formed a large corpus that covered the way Muslims should conduct their lives, from duties to parents, family, relatives, neighbors and friends, to instruction about honesty, generosity, truthfulness and kindness. While al-Bukhari's original text runs to many hundreds of pages forming several volumes, Abdul Hamid has made a selection of the
