Vols. for 1970-71 includes
manufacturers' catalogs.

This book contains information
necessary to the proper handling
and care of your Ford car. Read it
carefully—particularly the
instructions on lubrication, the
cooling system, care of battery,
etc., which are absolutely

necessary to economical and satisfactory operation. Your car is a splendid piece of machinery. If properly cared for, it will give you years of satisfactory service at little cost. When repairs are needed, we recommend having the work done by an authorized Ford dealer. They are provided with special service equipment. Furthermore they are interested, more than any one else, in your personal satisfaction with the car. Let experienced mechanics make repairs or adjustments. Your car is too valuable a piece of machinery to place in unskilled hands. Expert workmanship is just as essential in servicing your car as it is in building it.
