John Lahr's stunning and complex biography of his father, the legendary actor and comedian Bert Lahr Notes on a Cowardly Lion is John Lahr's masterwork: an all-encompassing biography of his father, the comedian and performer Bert Lahr. Best known as the Cowardly Lion in MGM's classic The Wizard of Oz, Lahr was a consummate artist whose career spanned burlesque, vaudeville, Broadway, and Hollywood. While he could be equally raucous and polished in public, Lahr was painfully insecure and self-absorbed in private, keeping his family at arm's length as he quietly battled his inner demons. Told with an impressive objectivity and keen understanding of the construction[and destruction]of the performer, Notes on a Cowardly Lion is more than one man's quest to understand his father; it is an extraordinary examination of a life in American show business.

The standup comic and frequent talk-show guest presents a collection of outrageous personal stories that serve as a guidebook for how to avoid adult responsibility, tracing his fraternity days at Florida State University, his experiences as a husband and father and his televised bear-wrestling stint. 50,000 first printing.

Edwards's biography presents a complete picture of the late actress[and not just the boozing, drug-addicted caricature of a woman central to lesser biographies. We learn, for example, that Garland saw it as her duty to provide for her family financially, a generosity that her mother Ethel exploited with disastrous results. Above all, Judy Garland sought to please, whether it was an audience or a studio head, and therein lies her powerful and heartbreaking story.

The Good Soldier is considered Ford's masterpiece. This tale of adultery and deceit centers around two couples, Edward and Leonora Ashburnham, and their American friends, John and Florence Dowell. John Dowell narrates the events of Florence's affair with Edward, the "good soldier," and her subsequent suicide. Through Dowell's confused and perhaps unreliable narrative, Ford attempted to recreate real thoughts. This literary technique was a forerunner to literary techniques employed by such later writers as Samuel Beckett and J.M. Coetzee. Ford Madox Ford (Ford Madox Hueffer) was born in 1873. He was a novelist, poet, literary critic, editor, and one of the founding fathers of English Modernism. He published over eighty books, including two collaborations with Joseph Conrad (Inheritors in 1901 and Romance in 1903). He died in 1939.

College students and professionals already in the workforce are flooding university classrooms, looking for information on how to build their own businesses rather than going the traditional route of working for someone else. However, ask successful business owners, and they'll say that there is more to the entrepreneurial life than just knowing how to run a business. In Crossing the Road to Entrepreneurship, Author Bert L. Wolstein, master entrepreneur, shares his lessons on how to start, grow, and maintain successful businesses. He shows how the combination of business sense and common sense helped him cross over to the proverbial 'right side of the tracks' via a host of different business ventures spanning 50 years and how the reader can dictate the financial future by entering the world of entrepreneurship.
