This dual biography of Malcolm X and Martin Luther King upends longstanding preconceptions to transform our understanding of the twentieth century's most iconic African American leaders. To most Americans, Malcolm X and Martin Luther King Jr. represent contrasting ideals: self-defense vs. nonviolence, black power vs. civil rights, the sword vs. the shield. The struggle for black freedom is wrought with the same contrasts. While nonviolent direct action is remembered as an unassailable part of

American democracy, the movement's militancy is either vilified or erased outright. In *The Sword and the Shield*, Peniel E. Joseph upends these misconceptions and reveals a nuanced portrait of two men who, despite markedly different backgrounds, inspired and pushed each other throughout their adult lives. This is a strikingly revisionist biography, not only of Malcolm and Martin, but also of the movement and era they came to define.

On a nearly thirty-year-long quest to interview anyone he could find who had actually known Malcolm X—all living siblings of the Malcolm Little family, classmates, street friends, cellmates, Nation of Islam figures, FBI moles and cops, and political leaders around the world. His goal was ambitious: to transform what would become over a hundred hours of interviews into an unprecedented portrait of Malcolm X, one that would separate fact from fiction. The result is this historic biography that conjures a never-before-seen world of its protagonist, a work whose title is inspired by a

phrase Malcolm X used when he saw his Hartford followers stir with purpose, as if the dead were truly arising, to overcome the obstacles of racism. Setting Malcolm's life not only within the Nation of Islam but against the larger backdrop of American history, the book traces the life of one of the twentieth century's most politically relevant figures "from street criminal to devoted moralist and revolutionary." In tracing Malcolm X's life from his Nebraska birth in 1925 to his Harlem assassination in 1965, Payne provides searing vignettes culled from Malcolm's

limns an archetypal journey from ignorance and despair to knowledge and spiritual awakening. When Malcolm tells coauthor Alex Haley, "People don't realize how a man's whole life can be changed by one book," he voices the central belief underpinning every attempt to set down a personal story as an example for others. Although many believe his ethic was directly opposed to Martin Luther King Jr.'s during the civil rights struggle of the '60s, the two were not so different. Malcolm may have displayed a most un-Christian distaste for loving his enemies, but he understood with King that

The Autobiography of Malcolm X was intended to be a true autobiography, with the name of Alex Haley appearing not at all or as a ghost writer or as a mere contributor or assistant. However, with the assassination of Malcolm X having occurred in Harlem in New York City on February 21, 1965 just before this book could be published, it became necessary to reveal the important role of Alex Haley in creating this book.
