Vasubandhu's Abhidharmakosa-Bhasya (ca. 380-390), besides its culminating achievement in streamlining the overall structure of the exposition of the preceding Abhidharma manuals, is unmatched by any of the preceding manuals in respect of its comprehensiveness-incorporating all important Vaibhasika doctrines since the time of the Abhidharma-mahavibhasa-of its excellent skill in definition and elucidation, and of its ability to clarify the difficult point involved in doctrinal disputations. Added to these qualities is its great value as a brilliant critique and insightful reevaluation of all the fundamental Sar-vastivada doctrines developed up to its time. Since its appearance, it has been used as a standard textbook for the understanding of not only the Abhidharma doctrines but all the fundamental Buddhist doctrines in general. Translated into Chinese by Paramartha in 563 A.D. and by Hsuan-tsang in 651-654 A.D., Hsuan-tsang's disciple P'u-kuang tells us that in India the Abhidharmakosa-Bhasya was hailed as the 'Book of Intelligence'. In China, Japan and the Far-east, too, the Kosa has generally been highly treasured as a textbook of fundamental importance for Buddhist studies. Vasubandhu's brilliant critique of the doctrines of the Vaibhasika was answered by the equally brilliant Samghabhadra - a contemporary staunch defender and expounder of the doctrines of the Vaibhasikas - in his masterwork, the Abhidharmanyanusara, now extant only in Hsuan-tsang's translation (653-654 A.D.). The Sanskrit text, considered for a long time to be irremediably lost, was discovered by Rahula Samkrtyayana in 1935 in the Tibetan monastery of Ngor and was published by P. Pradhan in 1967 (1st edition).

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

Test and Assessment CD-ROM Full teaching notes Photocopiable Grammar, Communicative, Vocabulary, and Song activities Photocopiable Revision activities Extra Support, Extra Challenge, and Extra Ideas for every lesson

"Just when you thought it couldn't get any better!" A new edition of the best-selling English File - the best way to get your students talking.A blend of completely new lessons, updated texts and activities, together with the refreshing and fine-tuning of some favourite lessons from New English File - English File third edition provides the right mix of language, motivation, and opportunity to get students talking.English File third edition offers more support for teachers and students. Teacher's Book provides over 100 photocopiables to save preparation time, plus extra tips and ideas. Classroom Presentation Tool brings your classroom to life with the Student's Book and Workbook, on-screen and interactive.

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. " This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way. " Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

Market Leader 3rd Edition has been completely updated to reflect the fast-changing world of business using authoritative and authentic business sources such as Financial Times.
