A superb new translation of one of the most intense and explicit works of the nineteenth-century French master Émile Zola considered *The Beast Within*—also known as *La Bête Humaine*—to be his "most finely worked" novel. This new translation finally captures his fast-paced yet deliberately dispassionate style. Set at the end of the Second Empire, when French society seemed to be hurtling into the future like the new railways and locomotives it was building, *The Beast Within* is at once a tale of murder, passion, and possession and a compassionate study of individuals derailed by the burden of inherited evil. In it, Zola expresses the hope that human nature evolves through education but warns that the beast within continues to lurk beneath the veneer of technological progress.

The tale is told as if it's happening once upon a dream: the lovely maiden meets her handsome prince in the woods. The story has been told many times and in many ways. But always the maiden finds out that she is a princess—a princess who has been cursed by a dark fairy to prick her finger on a spindle and fall into an eternal sleep. Though her three good fairies try to protect her, the princess succumbs to the curse. But the power of good endures, as her true love defeats the fire-breathing dragon and awakens the princess with true love's first kiss. The two live happily ever after. And yet this is only half the story. So what of the dark fairy, Maleficent? Why does she curse the innocent princess? What led to her becoming so filled with malice, anger, and hatred? Many tales have tried to explain her motives. Here is one account, pulled down from the many passed down through the ages. It is a tale of love and betrayal, of magic and reveries. It is a tale of the Mistress of All Evil.

How did a Prince once beloved by his people, become a bitter and reclusive monster? a young handsome Prince lives a life of extravagance before he is forced to pay the ultimate price for his ugly deeds. This is a story of vanity and arrogance, of love and hatred, of beastliness and of course beauty.
