Billionaire Romance/Contemporary Romance. October 22, 2020, Self Published. ARC. Review by Jen. Allie Winters is a new to me author and I chose this book because...well...I'm a sucker for the billionaire hot hero genre. It honestly didn't pull me in quickly, maybe it was a bit too precious, nice, not edgy enough for my current reading tastes.

Celeste's new job as the personal assistant to the CEO of Winters Group is a dream come true. Trying to keep things purely professional with her boss is a different story, though. Their night together on the yacht is still hanging over them, and the chemistry that crackles between them is beginning to wear away Celeste's good sense. She knows that rich playboys like Stephen are nothing but trouble, but it's getting harder every day to keep her distance. She wasn't about to put herself through that kind of heartbreak—even though her entire body was pleading with her that it would be worth every sweet, steamy second of it. When Stephen told his new assistant that he'd let their night on his yacht go, he'd been lying. After she pulled her Cinderella routine, he'd left no stone unturned to find her and get her back. Now that she's back within his grasp, he has no intention of letting her go again. He wanted her, and he intended to have her—very naked, very soon. And then he'd work on keeping her. How had her life gotten so complicated? As if grad school wasn't hard enough, Celeste had caught her boyfriend cheating on her and kicked him out of their apartment. Now she's on the hook for all the bills, and she desperately needs a job that will pay her more than a teaching assistant's salary. In desperation she finds herself at a party on the yacht of Andrew Winter, a playboy oil billionaire, hoping to land a job. But the gorgeous stranger she ends up talking to isn't Andrew Winter. In the dim light she couldn't make out the color of his eyes, but it really didn't matter. They were riveted on her, and that was all she cared about at the moment. What she can see is that he's smoking hot, oozing testosterone, and interested in her. After the hit her ego has taken with her ex, the attention is nice. It isn't going to get him anywhere, but that doesn't mean she can't enjoy it for a while. Who wouldn't take advantage of a little moonlight on a yacht with good company? But no one had bothered to tell Stephen he couldn't have a taste, and now his soft lips are setting her on fire. Why couldn't she enjoy it for just a little while? It wouldn't hurt anything, would it?
