Trading is a battle between you and the market. And while you might not be a financial professional, that doesn't mean you can't win this battle. Through interviews with twelve ordinary individuals who have worked hard to transform themselves into extraordinary traders, Millionaire Traders reveals how you can beat Wall Street at its own game. Filled with in-depth insights and practical advice, this book introduces you to a dozen successful traders-some who focus on equities, others who deal in futures or foreign exchange-and examines the paths they've taken to capture considerable profits. With this book as your guide, you'll quickly become familiar with a variety of strategies that can be used to make money in today's financial markets. Those that will help you achieve this goal include: Tyrone Ball: trades Nasdaq stocks almost exclusively, and his ability to change with the times has enabled him to prosper during some of the most treacherous market environments in recent history. AShkan Bolour: one of the earliest entrants into the retail forex market, he trades in the direction of the major trend, rather than trying to find reversals. Frank Law: a technician at heart, identifies a trading zone, commits to it, and scales down as long as the zone holds. Paul Willette: has mastered a method that allows him to harvest some profits right away, while ensuring that he can still benefit from an occasional extension run in his favor. Order your copy today and beat the Street.

"A gem from one of the most brilliant minds in personal finance." — Ben Stein, author, actor, TV personality, and New York Times columnist

In a financial world gone mad, you still need to manage your money, put your kids through college, and save for retirement. To the rescue comes Jonathan Clements with 21 easy-to-follow rules to help you secure your financial future. Clements has spent a quarter century demystifying Wall Street for ordinary, real people on Main Street, including more than thirteen years as the Wall Street Journal's hugely popular personal-finance columnist. In *The Little Book of Main Street Money*, Clements brings us back to basics, with commonsense suggestions for intelligent money management. Chock-full of financial guidance that will stand up in any market, the book also reflects a financial philosophy that Clements has developed over a lifetime of watching Wall Street and writing about money—and that is even more important in the current volatile market. From the big picture (home, retirement, financial happiness) to the micro (taxes, inflation, investment costs), he offers clear-cut advice for taking control of your financial life, detailing the strategies needed to thrive in today's tough economic times. The 21 truths outlined throughout this book are a guiding light for everyone, young and old, whether starting out or soon retiring. Each chapter reads like a Clements column—clear, pithy, and feisty. From the obvious to the counterintuitive, the truths will bolster your returns, cut your costs, and give you financial peace of mind. Collectively, the 21 truths show you how to think about your entire financial life—not just stocks and bonds, but your home, your debts, your financial promises to your children, your income-earning ability, and so much more. They will help you not only survive today's treacherous financial terrain, but also prepare you for success tomorrow. Renowned for his spirited writing and shrewd investment guidance, Clements is the sane voice investors need to stay grounded in the midst of so much financial insanity.

As head FX strategist at CMC Markets—one of the world's leading forex/commodity brokers—Ashraf Laidi understands the forces shaping today's currency market and their interplay with interest rates, equities, and commodities. And now, with *Currency Trading and Intermarket Analysis*, he shares his extensive experiences in this field with you. Throughout the book, Laidi outlines the tools needed to understand the macroeconomic and financial nuances of this dynamic field and provides you with insights that are essential to making the most of your time within it.

A leading economic forecaster, exploring the reasons for the United States dollar's decline and its precarious relationship to other currencies around the world, provides strategies for retirees, savers and investors who want to keep their money safe no matter what lies ahead.

Profit from a powerful, proven investment strategy *The Little Book That Makes You Rich* is the latest book in the popular "Little Book, Big Profits" series. Written by Louis Navellier -- one of the most well-respected and successful growth investors of our day -- this book offers a fundamental understanding of how to get rich using the best in growth investing strategies. Navellier has made a living by picking top, actively traded stocks and capturing unparalleled profits from them in the process. Now, with *The Little Book That Makes You Rich*, he shows you how to find stocks that are poised for rapid price increases, regardless of overall stock market direction. Navellier also offers the statistical and quantitative measures needed to measure risk and reward along the path to profitable growth stock investing. Filled with in-depth insights and practical advice, *The Little Book That Makes You Rich* gives individual investors specific tools for selecting stocks based on the factors that years of research have proven to lead to growth stock profits. These factors include analysts' moves, profit margins

expansion, and rapid sales growth. In addition to offering you tips for not paying too much for growth, the author also addresses essential issues that every growth investor must be aware of, including which signs will tell you when it's time to get rid of a stock and how to monitor a portfolio in order to maintain its overall quality. Accessible and engaging, *The Little Book That Makes You Rich* outlines an effective approach to building true wealth in today's markets. Louis Navellier (Reno, NV) has one of the most exceptional long-term track records of any financial newsletter editor in America. As a financial analyst and editor of investment newsletters since 1980, Navellier's recommendations (published in *Emerging Growth*) have gained over 4,806 percent in the last 22 years, as confirmed by a leading independent newsletter rating service, *The Hulbert Financial Digest*. *Emerging Growth* is one of Navellier's four services, which also includes his *Blue Chip Growth* service for large-cap stock investors, his *Quantum Growth* service for active traders seeking shorter-term gains, and his *Global Growth* service for active traders focused on high growth global stocks.

Play the forex markets to win with this invaluable guide to strategy and analysis *Day Trading and Swing Trading the Currency Market* gives forex traders the strategies and skills they need to approach this highly competitive arena on an equal footing with major institutions. Now in its third edition, this invaluable guide provides the latest statistics, data, and analysis of recent events, giving you the most up-to-date picture of the state of the fast-moving foreign exchange markets. You'll learn how the interbank currency markets work, and how to borrow strategy from the biggest players to profit from trends. Clear and comprehensive, this book describes the technical and fundamental strategies that allow individual traders to compete with bank traders, and gives you comprehensive explanations of strategies involving intermarket relationships, interest rate differentials, option volatilities, news events, and more. The companion website gives you access to video seminars on how to be a better trader, providing another leg up in this competitive market. The multi-billion-dollar foreign exchange market is the most actively traded market in the world. With online trading platforms now offering retail traders direct access to the interbank foreign exchange market, there's never been a better time for individuals to learn the ropes of this somewhat secretive area. This book is your complete guide to forex trading, equipping you to play with the big guys and win—on your own terms. Understand how the foreign currency markets work, and the forces that move them Analyze the market to profit from short-term swings using time-tested strategies Learn a variety of technical trades for navigating overbought or oversold markets Examine the unique characteristics of various currency pairs Many of the world's most successful traders have made the bulk of their winnings in the currency market, and now it's your turn. *Day Trading and Swing Trading the Currency Market* is the must-have guide for all foreign exchange traders.

Provides a comprehensive explanation of how the economy works while examining the roots of the current crisis and offering advice to prevent future meltdowns.

A firm introduction to value investing offers a comprehensive overview of the inner workings of this popular wealth-building strategy, examining the principles behind the process and how to use its techniques to achieve exceptional investment returns, even in today's turbulent market.

"A quick and easy guide to finding money that is rightfully yours"--Cover.
