"In order to produce the Philosopher's Stone, as the demon hordes demand, alchemist apprentice Donna Underwood pits her unpredictable powers against a vengeful demon king, two maleficent faery queens, and an immortal magus with his own shadowy agenda"--

The child of alchemists, Donna Underwood feels cursed by her magical heritage. When she was seven, a horrific fey attack killed her father and drove her mother mad. But when the darkest outcasts of Faerie—the vicious wood elves—abduct her best friend, Donna must accept her role in the centuries old war between the humans and the fey.

"The wood monster is dead. I know this is true because I killed it. And yet my dreams are still full of fear and pain . . ." To keep her best friend, Navin, from being killed at the hands of vicious wood elves, Donna Underwood stole the elixir of life. Now she's facing an alchemist tribunal while her mother lies dying, succumbing to the elven curse that shattered her mind. In desperation, Donna seeks an audience with Aliette, the fierce and manipulative Wood Queen, who offers a deal: if Donna can use her strange and burgeoning powers to help the wood elves, Aliette will free her mother from the curse. Along with Navin and Xan, the half-fey guy she's falling for, Donna struggles to unlock the secrets of her iron tattoos in time to save her mother's life. But some secrets are better left untold. Book 2 in the explosive Iron Witch series

Trapped between two very different worlds, newly made vampire Moth is struggling to find her place in either. Adding to her problems is the dangerously attractive Jason Murdoch, a trainee vampire hunter. But when the young and gorgeous teenagers of Boston's wealthiest families start to disappear, Moth and Jace into an uneasy truce.

First published in the year 1597, the present book 'Daemonologie' is originally a philosophical dissertation on contemporary necromancy and the historical relationships between the various methods of divination used from ancient Black magic written by King of England James I.

First in a stunning new urban fantasy series from an author who "NEVER CEASES TO AMAZE." (BOOKLIST, STARRED REVIEW) Demon hunter Maxine Kiss wears her armor as tattoos, which unwind from her body to take on forms of their own at night. They stand between her and her enemies, just as Maxine stands between humanity and the demons breaking out from behind the prison veils. It is a life lacking in love, reveling in death, until one moment—and one man—changes everything.

SOMETIMES YOU CHOOSE YOUR BATTLES. AND SOMETIMES, THEY CHOOSE YOU... Once, Max dreamed of a career, a home, a loving family. Now all she wants is freedom...and revenge. A witch named Giselle transformed Max into a warrior with extraordinary strength, speed, and endurance. Bound by spellcraft, Max has no choice but to fight as Giselle's personal magic weapon -- a Shadowblade -- and she's lethally good at it. But her skills are about to be put to the test as they never have before.... The ancient Guardians of the earth are preparing to unleash widespread destruction on the mortal world, and they want the witches to help them. If the witches refuse, their covens will be destroyed, including Horngate, the place Max has grudgingly come to think of as home. Max thinks she can find a way to help Horngate stand against the Guardians, but doing so will mean forging dangerous alliances -- including one with a rival witch's Shadowblade, who is as drawn to Max as she is to him -- and standing with the witch she despises. Max will have to choose between the old life she still dreams of and the warrior she has become, and take her place on the side of right -- if she survives long enough to figure out which side that is....

Welcome to a new America that is built on blood, sweat, and gears... In steam age America, men, monsters, machines, and magic battle for the same scrap of earth and sky. In this chaos, bounty hunter Cedar Hunt rides, cursed by lycanthropy and carrying the guilt of his brother's death. Then he's offered hope that his brother may yet survive. All he has to do is find the Holder: a powerful device created by mad devisers—and now in the hands of an ancient Strange who was banished to walk this Earth. In a land shaped by magic, steam, and iron, where the only things a man can count on are his guns, gears, and grit, Cedar will have to depend on all three if he's going to save his brother and reclaim his soul once and for all...

A witch outrunning her past. Five smoldering-hot guardians. And the dark secret that could destroy them all; Blackmoon Bay is a city of monsters. Surviving here means never leaving home without a sharp stake. It means keeping secrets, even from friends. And unless I want the Hunters finding me again, it means my witchcraft stays on permanent lockdown. Good policy—until the night I accidentally resurrect a dead girl, rekindling my magic and drawing the Bay's most dangerous men to my doorstep. Asher, the bad-boy incubus. Darius, the cunning, oh-so-sexy vampire. Emilio, the wolf shifter with a big heart and a treacherous past. Ronan, the only demon I trust with my soul. And Death himself, bound to my magic for reasons I don't understand. Together they've sworn to protect me from the evil out there, but it's not the evil out there I'm worried about. A shadow lurks inside me, black and deadly as a bomb. And I'm pretty sure my magical mishap just lit the fuse. I'm Gray Desario. Witch. Survivor. Occasional bringer of chaos. And tonight? The darkness is coming;

In the second novel in the New York Times bestselling Iron Druid Chronicles, two thousand-year-old Druid Atticus O'Sullivan faces off against witches, Bacchantes, and a ravenous fallen angel. "A page-turning and often laugh-out-loud-funny caper through a mix of the modern and the mythic."—Ari Marmell, author of The Warlord's Legacy Atticus O'Sullivan has had cause to mistrust witches in his storied past, but he's willing to live and let live with the Sisters of the Three Auroras, a legendary local coven, even going so far as to sign a non-aggression treaty with them. But that treaty is tested immediately when a deadly new coven sweeps into town seeking to take over, along with some Bacchantes from Las Vegas and a fallen angel who's decided to snack on high school students like they were trail mix. It's more than Atticus can handle alone and he must enlist the trickster Coyote, the headhopping abilities of the witch Laksha Kulesekaran, and his neighbor's illegal arsenal if he wants to keep the city safe from diabolical takeover. He must also exchange favors with his vampire attorney, Leif Helgarson, in a deal that might prove to be the worst of his long life—for Leif doesn't want to be paid by the hour. To defeat the mortal hexes of this new coven and keep his apprentice—and his city—safe, Atticus must think fast, make promises, keep his sword handy, and hope he'll survive to fight another day.
