Quinn Turner is a freshly minted FBI agent who has just joined a field unit run by her mentor. Her first operation goes smoothly...until she spots the #1 face on the FBI's Most Wanted list from across a room, and nothing will ever be the same. He's wanted dead or alive, but you can't capture what you can't find—until now, when he resurfaces on American soil after a five-year absence. For Quinn, what started out as the opportunity of a lifetime quickly spirals into a nightmare. In the aftermath of her clash with Porter, she finds herself on the run from friends and colleagues and accused of crimes that put her right on the list alongside Porter. To prove her innocence, Quinn will have to find and stop a man who can't be found, while at the same time eluding the vast resources of the U.S. government. As the noose tightens and the conspiracy around her grows, Quinn Turner will discover that sometimes the devil you know is better than the one you don't...or even knew existed in the first place.

SHE NEEDED A VACATION, BUT SHE WON'T GET ONE. It was supposed to be a much-needed respite for Allie Krycek. She was ready and needed to heal. When an abused housewife leaves a desperate plea for help, Allie doesn't—she can't—turn the other cheek. It's not in her nature to let an innocent get hurt, if she can help it. But not everything is what it seems, and soon Allie finds herself thrust into a complicated conspiracy that just keeps getting more dangerous. If Allie were any other woman, she would turn and run. But Allie Krycek isn't any other woman. She's going to do the right thing, even if it means taking on one of the most powerful families in the country.

ONE NIGHT. THAT WAS ALL IT TOOK. Creatures that once lived in the shadows, hidden from humankind, have risen, spreading like a plague across the globe over the course of a single night. Their numbers growing exponentially through infection, these seemingly unkillable creatures have swallowed up whole cities and collapsed unprepared governments. Survivors call it The Purge. Against all odds, a disparate group of survivors has emerged from that blood-soaked night that devastated the planet and reduced humanity to an endangered species. Among the survivors are two ex-Army Rangers, a businesswoman, and a third-year medical student. But surviving The Purge was one thing - staying alive is another matter entirely. Hope exists in the countryside, in the form of a self-sustaining underground facility designed to withstand any calamity. But in order to reach its safety, the survivors must travel hundreds of treacherous miles, with the night - and the creatures that dwell within it - always at their backs. The rules are simple: stay out of the dark, load up on silver bullets, and whatever you do, stay alive. The road to salvation has begun ...
