Building Vocabulary from Word Roots provides a systematic approach to teaching vocabulary using Greek and Latin prefixes, bases, and suffixes. Over 90% of English words of two or more syllables are of Greek or Latin origin. Instead of learning words and definitions in isolation, students learn key roots and strategies for deciphering words and their meanings across all content areas. Building Vocabulary from Word Roots: Level 4 kit includes: Teacher's Guide; Student Guided Practice Book (Each kit includes a single copy; additional copies may be ordered in quantities of 10 or more); Assessments to support data-driven instruction; and Digital resources including modeled lessons, 50 bonus activities, and more.

A course to prepare students for the IELTS test at a foundation level (B1). Combines contemporary classroom practice with topics aimed at young adults

Designed to help all students to learn real chemistry, Living By Chemistry is a full-year high school curriculum that aligns with the new Next Generation Science Standards (NGSS) and the most rigorous of state standards. Incorporating science practices with a guided-inquiry approach, students ask questions, collect evidence, and think like scientists when learning with Living By Chemistry.
